Description

Federal Department of Canadian Heritage funding program.

Mission / Philosophy

The Canada Cultural Investment Fund (CCIF) encourages private sector investment, partnership and sound business practices to help arts and heritage organizations be better rooted and recognized in their communities. The CCIF program has three components that work together in achieving these objectives: Endowment Incentives, Limited Support to Endangered Arts Organizations, and Strategic Initiatives.

Funding Program(s)

Endowment Incentives

Canada Cultural Investment Fund – Endowment Incentives component encourages private donors to contribute to endowment funds for not-for-profit professional arts organizations, so they can access new sources of funding in the future. Raising capital and creating endowments gives these organizations greater capacity for realizing artistic expression by supporting their long-term stability.

Canadians are encouraged to support the arts by providing donations to an arts organization's endowment fund. The government provides matching funds – of up to one dollar for every dollar raised from private donors – to create endowment funds or to increase existing ones.

An application to the Endowment Incentives component must be submitted jointly by a not-for-profit professional arts organization and an associated public foundation. Both parties must meet specific eligibility criteria. [<< Show Less](#)
