Description

TELUS Corporation is the largest telecommunications company in Western Canada and the second largest in the country. It provides a wide range of wireline and wireless telecommunications products and services including data, Internet Protocol (IP), voice, video and entertainment services.

Mission / Philosophy

As a team, we work to make a positive and lasting difference in our communities and the lives of others. The difference we make today can help build a brighter tomorrow. We give where we live to improve the lives of youth

and their communities through the power of technology.

Health - We are helping transform healthcare by applying innovative technologies to encourage wellness, better healthcare and more effective health management.

Education - We are using the power of the internet to ensure youth excel academically and secure their future success.

Environment - We are promoting a healthier environment, where we inspire and celebrate support for animals and their habitats.

Application Procedure

Community Grants and Community Action Team: An online application process is available on the funder website.

Sponsorships: While we wish TELUS could support every initiative making a positive impact and difference, the reality is we receive far more requests than we can possibly consider. Based on this volume, and in keeping with our current commitments, we are not able to consider unsolicited requests for support.

Evaluation Criteria

The funder has indicated that requests for funding are preferred from applicants that demonstrate the following.

- ✓ Innovative ideas / practices
- ✓ Measurable objectives
- ✓ Partnerships / cooperation among organizations
